Case No: N/A

Single Vehicle Crash Could Cause Traffic Delays

On June 23, 2013 at 8:30 a.m. Beaverton Police Officers responded to the area of SW Brockman St. and SW Davies Rd. on a report of a car crash.

When officers arrived they saw that the crash involved a Grey Ford Escape with only one occupant, the driver. It appears that the vehicle was travelling Westbound on SW Brockman St. near SW Davies Rd. when it left the roadway striking a fence, several trees and coming to rest on a concrete retaining wall.

The driver was transported to a local area hospital with what appears to be life threatening injuries.

The cause of this crash is unknown and is being investigated at this time. Speed does not appear to be a factor in this crash and it is unknown at this time if alcohol is a factor.

SW Brockman St. is blocked off to motor vehicle traffic from SW Davies Rd. to SW Stallion Dr. Once the investigation into this crash is done the roadway will be opened to vehicles.
